Location: Lorraine Tuck's Farm

We know the right soil is the basis of a successful garden and yard, but most of us don't know the steps to getting it right. Come learn how from 2 experts: **Mart Bumgarner**, NCSU Cooperative Extension Agent, Agriculture, Orange County Center, and **Mary Leonhardi**, Gardener extraordinaire and Hypertufa maker, Eno River Farmers Market. You'll leave knowing what amendments your garden and yard need to produce and look their best.
