

Chapel Hill Garden Club Call for Gardens for 2026 Tour

If you own or know of a beautiful garden in the Chapel Hill area, please nominate the garden as a potential destination for the Chapel Hill Garden Club's Spring 2026 Tour.

In the past, we have toured gardens described as "lakeside paradise," "urban oasis," "artful suburban" and "woodland sanctuary." Please don't be shy. We'd love to see what you've been doing with your surroundings.

The Club is looking for a diverse set of gardens that meet some or all of these criteria:

1. Beautiful and/or sustainable, ecologically sound.
2. Unusual and/or unique varieties of plants, trees, or flowers. Combination of interesting plants due to their heritage, color, shape, size, foliage, bloom cycle, and habitat niche qualities. Native plants are of special interest.
3. Overall cohesive design. Architecture and garden layout are harmonious.
4. Interesting components of hardscape, lighting, sculpture, or other artistic elements.
5. Accessible to large groups of people walking through.
6. Parking available on the street or nearby for 10-12 cars.

Application Procedure:

Email us at: chgc1931@gmail.com with "Call for Gardens 2026 Tour" in the subject line. We will respond to you as soon as possible to discuss your garden or the garden you are recommending. Thank you so much for your interest.

Questions? Just email us at: chgc1931@gmail.com.
